“ *I will always be thankful to Uncle Al who gave me the opportunity to pursue my accounting degree by working at his accounting firm and going to school at the same time. It allowed me to understand the subject matter better while using it at the same time in the work environment. Judy and I always appreciated being invited on vacations by Uncle Al and Aunt Nancy and their family early in our married life when we could not afford to go on a vacation. We also enjoyed the times our families would get together at the holidays at their home in Hudson. May the peace of the Lord comfort the family at their loss.*
