

Albert C. Scartz

January 7, 1924 - January 12, 2013

Albert, 89. of Tamarac, Florida died peacefully at his home with family and friends at his side on Saturday, January 12, 2013.

Albert was born on January 7, 1924 near Fairmont, West Virginia to Italian immigrant parents James and Caroline Scartz. Albert was the youngest in a family of twelve children, The names of his siblings who all preceded him in death are; Mary, Anna, Martha, Harold, Francis, Carl, Julia, Thelma, Dominick, Virginia, and Eugene. Albert joined the Army in 1943 at the age of nineteen. After the war, he went to college on the G.I. billed earning degrees at Fairmont State, West Virginia University, and a Doctorate in Education at George Washington University in Washington, DC. Albert taught industrial arts at public schools in Northern Virginia. After retiring, he and his wife traveled throughout the world learning about other cultures and life styles. Albert continued to “teach” or share his knowledge and experiences with family and close friends by scouring newspaper articles that he thought were interesting. Most members of our large extended family received newspaper clippings from time to time complete with notations with the important parts underlined. Albert was a compassionate and progressive person who believed that it is each generations responsibility to concentrate on improving the next generation. He will be missed by all of us, but he left us in a better place and provided us with a good example of how we should try to live our lives.

Albert is survived by his wife and best friend of sixty eight years, Mayetta, a grateful son Larry and his wife Rita. He has four surviving grandchildren: Larry (Buddy) and wife Barbara, Thomas, Jennifer and her husband Craig, and Tiffany and her husband David. Daniel Scartz preceded him in death in 2006. He also has six great-grandchildren; Katie and her husband Nick, Jennifer, Brittany, Neil (Tre), Caroline and Grace.

The family requests that any expression of sympathy be a donation to a charity of your choice.

“Dear Aunt May, and family,
I wanted to express my sincerest condolences. As you know, Uncle Al was very dear to me. Although I have many fond memories, the faith that he had in me and my professional future early on in my life was second to none. Without him I don't know how I could have opened my practice. As many times as I can, I credit him for the ability to open my first office. Now some 25 years later, I am still going strong!

I am so grateful that I got to see him again just a couple of weeks ago in Florida. I guess we humans don't like to admit it, but I knew things did not look good. Even Uncle Al knew his time was short. To me, he seemed content with that. There is no doubt in my mind that he was at peace with himself and life.

He mentioned something to me that I will never forget when we were saying our goodbyes that day. He said, "Jim, I need your ministry". At first I thought I may have heard him wrong or misunderstood. You see over the years we have had discussions about God and religion. His stance was a little different than mine. He knew how strong God is in my life. He also knew about my ministry. So, I laid awake most of that night trying to figure things out.

When I got home, I wrote about a 4 page letter to him. Although, I don't know if he got it, I pray that he received it in time.

You see, even if people are unsure what happens after death, there is one thing for sure, It is still going to happen. There is no doubt in my mind that Uncle Al will be remembered by our heavenly Father.

You can't be that good of a man, do all those good things for people, show all that love and not have a reward. Jesus himself demonstrated his Love for life and people. He showed while on earth his ability to overcome death by resurrecting several people.

Luke 7:11-17, Luke 8, John 11

How much more can he help people who die from his home in heaven?

Uncle Al WILL be resurrected. He will have the hope that we all do. Living the way God intended humans to live in the first place. In a paradise. The fact that Adam and Eve made a bad decision, does

not change God's purposes for us humans. The paradise is in our future. Rev 21:3,4, Psalm 37. And it is coming fast as this old world continues to worsen. Mat 24.

So, as we grieve over our loved ones loss of life. We must realize it is only temporary.

1 Thess 4:13 God will UNDO all the effects of this evil world soon.

I cannot wait to see my Uncle again.

Rest in Peace.

“ Dear Family and Friends,

May your loved one Rest In Peace.

Please find comfort in the passages below:

"...Everything he has made pretty in its time. Even time indefinite he has put in their heart... I have come to know that there is nothing better for them than to rejoice and to do good during one's life; and also that every man should eat and indeed drink and see good for all his hard work. It is the gift of God."

Ecclesiastes 3:10-13

"The hour is coming in which all those in the memorial tombs will hear his voice and come out, ... to a resurrection of life." John 5:28,29

*Sincerely,
Rochelle*

“ Although I never had the opportunity to meet Mr. Albert Scartz, he made a touching impact on my life forever. He left the world a better place and will always live on in the memory of all those who knew and loved him. He had a loving family that took very good care of him during his fight with cancer. They were angels those that you can experience here on earth.

Having the opportunity in life to make a touching impact on another is the essence of what life's all about. Mr. Albert Scartz is unaware, but he was able to do this to a person he had never even met before. I have heard many stories of how great a man he was, but there is one that will forever stand out in my mind. Days before his fight with cancer ended he shared that he had seen angels when Mrs. Rita Scartz approached him in his bed. It's without a doubt in my mind that he was in the presence of true angels this day. They were there to welcome this fabulous man home to Heaven, once he felt his time on earth was complete. This invite was accepted just a day later once his fight with cancer came to a peaceful close in the presence of family and friends. He is now an angel himself that I know will look over us all as we continue our lives.

This story of Mr. Albert Scartz and angels has once again restored my faith in God and given me another positive goal in my life. It's to do exactly to others what he did for me. To every day make a touching impact on another's life, be it even a complete stranger. Although I was unable to meet him during his precious time on earth I know he waits for us all in heaven. When the day comes that I accept my invite to heaven, I will then have the pleasure to meet this fabulous man.
