“ Damien and I were driving (my car I was driving), and I flipped down my visor to find a spider, Damien and I are both super scared of them, so i threw the car into park and both of us jumped out, I told him I wasn't getting back in the car until he killed it, so there we were, both of us arguing in the middle of the street about who was gonna kill this spider, we were both laughing so hard, finally he got the guts to do it for me...that's who he was no matter what, he would always put you first, that's just one of millions of memories I have after 18 years of knowing this man..I love you Damien and you will be soo missed...RIP##imported-begin##Tracey##imported-end##
